

SCIENCE GOES TO SCHOOL! 2019

Presented by

Fonds de recherche – Nature et technologies
Fonds de recherche – Santé
Fonds de recherche – Société et culture

Discover the theme of the 13th edition of the Eurêka! Festival and enter to win a \$1000 grant to fund science activities at your school. This award is generously offered by the Fonds de recherche du Québec.

How to enter ?

After having read the **conditions of participation**, [click on the EN ROUTE POUR EURÉKA! icon at the bottom of the page](#) to start your journey. And play! (French only)

At the end of your game, **fill out the form** to take part in the draw for the Fonds de recherche du Québec grants!

Note that to participate in the *Science Goes to School!* contest, your class **must be registered** for the Eurêka! Festival school day and attend the awards ceremony on **June 7, 2019**.

What happens next?

The draw will be held on **May 22nd**. The winning classes will be invited to pick up their prize on Friday, **June 7**, at the Eurêka! Festival.

HAVE A GREAT TRIP !

REM: JUST IMAGINE

Presented by

Réseau
express
métropolitain

A modern, eco-friendly and driverless light rail network crosses the Greater Montreal landscape, transporting the city's residents from one end of the city to the other. Is this even possible? It sure will be, as of 2021!

Spark your students' curiosity for the Light Rail Transit project (REM) and for future modes of transportation for a chance to win a **\$2,000 prize**, or one of **two \$1,000 prizes** for your school to take part in technology-based activities.

To participate:

First, [view the video on the REM](#) which showcases the benefits of its network for its future passengers and then, let your imagination run wild! Envision an **eco-friendly, public transit** system of the future, **new** to the Greater Montreal area, and render it in a 2-D image (drawing, collage, painting, computer drawing).

Please include a few sentences describing your project. For inspiration, you can visit www.rem.info

On May 24, a jury composed of members of the REM project and Eurêka! teams will choose the winners, based on these criteria: **originality, collective aspect** and **eco-friendliness**
